O Projeto Itinerante ACONCARF desembarca em Portugal para promover um diálogo inédito entre especialistas do Brasil e de Portugal sobre contencioso fiscal e a implementação do IVA.

Durante dois dias, renomados juristas, conselheiros do CARF e autoridades fiscais irão compartilhar experiências e discutir soluções para construir um sistema tributário mais eficiente, justo e seguro, explorando práticas portuguesas que podem inspirar melhorias no Brasil.

Com a recente Reforma Tributária do Consumo e a criação do IVA Dual, este encontro se torna estratégico para quem deseja compreender e influenciar o futuro da tributação.
